Subject: Verification of RoHS & REACH compliance

To Whom it may concern:

This signed letter is to be used as verification that PRO Series Tough PLA (polylactic Acid) 3D Printing Filament, as distributed by MatterHackers, are in conformity with Directive 2011/65/EU of the European Parliament and of the Council of 8 June 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment.

MatterHackers, inc. assures compliance with these provisions and the absence of the chemicals referenced in them.

Please contact us if you require any additional information.
